

Special lecture in honor of

Jessica Meir

PhD, NASA Astronaut,
PhD Honoris Causa

Tuesday, November 8, 2022

14:00 | Dolfi and Lola
Ebner Auditorium

Experimenting in microgravity: Full circle for a scientist turned astronaut

Dr. Jessica Meir is a comparative physiologist and NASA astronaut. She has a PhD in marine biology from Scripps Institution of Oceanography at the University of California, San Diego and an MSc in Space Studies from the International

Space University in France. She served as the flight engineer on Expeditions 61 and 62 for the International Space Station, and has spent 205 days in space and contributed to hundreds of scientific and technological experiments.

Host

Prof. Idit Shachar, Head, Office for the Advancement of Women in Science and Gender Equality
