

Weizmann Women in Chemistry

You like research and want to stay in academia but don't want to be a PI. What other options do you have?

WWIC is proud to host

Dr. Liat Avram-Biton

The amazing Liat (senior staff scientist) will come to share with us her academic path and how she became a part of the chemical research support (NMR unit) at the Weizmann Institute. Come to hear and ask her questions.

Tuesday, June 18th

13.00 - 14.00

**Room 412A
Kimmelman building**

**Tasty refreshments
will be served at 12:45**

See you

Shaked, Yasmin and Jenny-Lee
